Ridgway Offers To Resume Armistice Talks, But Not At Kaesong; All Day Fight

U.S. Eighth Army Headquarters, Korea, Sept. 17 (AP)—A battalion of North Korean Reds today launched a series of wild counterattacks against Allied troops on Heartbreak Ridge and touched off an all-day battle on the east-central front.

When the heavy rifle, mortar and machinegun fire dwindled off in late afternoon and Allied officer told AP Correspondent George McArthur it was too early to tell if either side had gained ground.

It was a mixed up affair, he said. We moved around some and they moved around some. There was no report of any ground action elsewhere along the 150-mile front.

Rain Grounds Planes
Cold rains sweeping across the peninsula brought Allied air attacks to a virtual standstill.

The Red counterattacks in the east began in the light of a nearly full moon.

In groups of 20 to 30 the Reds planked down on the Allies from a higher position to the north. They fired machineguns and burp guns as they came. Mortar and artillery barrages preceded them.

Heartbreak ridge was named after another savage battle there two weeks ago. It is just north of Bloody Ridge.

Hundreds of Allied artillery shells pounded against the thick walls of low and dirt bunkers of the Reds. Some were so thick that only the heaviest Allied artillery could penetrate.

Allied pilots reported one direct hit on a bunker with an estimated 30 to 40 Red casualties.

41-64 Missions
Sunday the Fifth Air Force deeded the elements and mounted relentless attacks on Red rail facilities.

More than 640 missions were flown. Pilots reported 300 rail cars destroyed or damaged, the greatest number in a single day since last May.

United Nations foot troops in the rugged mountains of the east-central front ground slowly forward. They captured two strategic heights north of Yanggu and Inje.

All of the pipe being used in the new construction came from Germany. Mr. Estep said. The company has been unable to obtain steel made in this country, he added.

Ridgway Offers To Resume Armistice Talks, But Not At Kaesong; All Day Fight

U.S. Eighth Army Headquarters,

Korea, Sept. 17 (AP)—A battalion of North Korean Reds today launched a series of wild counterattacks against Allied troops on "Heartbreak Ridge" and touched off an all-day battle on the east-central front.

When the heavy rifle, mortar and machinegun fire dwindled off in late afternoon, and Allied officer told AP Correspondent George McArthur it was too early to tell if either side had gained ground.

"It was a mixed up affair," he said. "We moved around some and they moved around some."

There was no report of any ground action elsewhere along the 150-mile front.

Rain Grounds Planes

Cold rains sweeping across the peninsula brought Allied air attacks to a virtual standstill.

The Red counterattacks in the east began in the light of a nearly full moon.

In groups of 20 to 30 the Reds plunged down on the Allies from a higher position to the north. They fired machineguns and burp guns as they came. Mortar and artillery barrages preceded them.

"Heartbreak ridge" was named after another savage battle there two weeks ago. It is just north of "Bloody Ridge."

Hundreds of Allied artillery shells pounded against the thick walls of log and dirt bunkers of the Reds. Some were so thick that only the heaviest Allied artillery could penetrate.

Allied pilots reported one direct hit on a bunker, with an estimated 30 to 40 Red casualties.

Fly 640 Missions

Sunday the Fifth Air Force dived the elements and mounted relentless attacks on Red rail facilities.

More than 640 missions were flown, pilots reported 300 rail cars destroyed or damaged, the greatest number in a single day since last May.

United Nations foot troops in the rugged mountains of the east-central front ground slowly forward. They captured two strategic heights north of Yangju and Inje.

NEW GAS LINE IS BEING LAID TO LITTLESTOWN

The Manufacturers Light and Heat company today began laying a new six-inch transmission line into Littlestown. Julian N. Estep, local manager of the gas company, said this will relieve low pressure conditions in that borough which have been experienced at times in the past through the single, three-inch dead-end line from Two Taverns along the Baltimore pike.

The new line will connect with the main transmission line on the Alvin C. Gerrick farm, three miles north of Littlestown, and will enter the borough by way of the Hanover road. All of the pipe being used in the new construction came from Germany, Mr. Estep said. The company was unable to obtain steel made in this country, he added.

\$30,000-\$40,000 Cost

The work is being done by the gas company, with Baughman Contracting company of Cumberland.

Tokyo, Sept. 17 (AP)—Gen. Matthew B. Ridgway today offered to renew suspended Korean cease-fire talks. But his message to Red commanders gave no indication that Kaesong was a satisfactory site.

The Reds broke off talks in that Korean city August 23 in a continuing series of charges that United Nations ground and air forces were violating Kaesong's neutrality zone.

In the flurry of charges and denials, Ridgway on September 5 proposed that the talks be moved to a new site. The Reds replied Saturday that the suggestion was "completely unsatisfactory and unacceptable."

Ready To Meet

In his reply to that message Monday the Allied supreme commander said:

"If you are now disposed to terminate the suspension of armistice negotiations which you declared on 23 August, I am still prepared to order my liaison officers to a meeting at the bridge at Panmunjom (Red outpost six miles southeast of Kaesong) to discuss conditions that will be mutually satisfactory for the resumption of armistice talks."

Ridgway's wording was remarkably similar to that in his September 5 message. He said then:

"When you decide to terminate the suspension of armistice negotiations which you declared on 23 August, Allied and Communist officers should meet at Panmunjom to consider the new conference site."

Hint New Site

Observers here speculated the "mutually satisfactory" conditions mentioned by Ridgway Monday night include a new site for the talks.

In his stinging message September 5 Ridgway called the Red charges

"Baseless and intentionally false" and added: "

Another Benefit Play Staged By Kids To Help R. C.

Another group of potential Gettysburg dramatists has turned to the stage to raise benefit funds which have been turned over to the Red Cross.

Sunday afternoon before an audience of some 30 persons, a youthful cast that included Janet Johnson and Connie Riley, both aged nine, presented the play "Cowboy in a Jungle," which was written and produced by Janet and Connie.

Janet is the daughter of Prof. and Mrs. Lester O. Johnson and Connie is the daughter of Dr. and Mrs. Joseph Riley, all of North Straton street. Other members of the cast were Judie Hofe, Paula Lupp and Amy Riley.

The play was given in the "Battle-Playhouse," which used to be—and is once more—the Johnson garage. The production was complete with jungle sound effects and netted \$1.29 which was turned over to the Red Cross "to help our boys in Korea."

That posed something of a problem for the Red Cross which is not gathering money for the "boys in Korea" but next month will start gathering blood for the "boys in Korea" and the \$1.29 may be put into the fund to finance that project.

The general admission price was five cents but "close friends" were admitted for two cents each.

Plan Damon Runyan Fund Benefit Here

Gettysburg Eagles, assisted by the auxiliary, will hold a dance and entertainment at the Eagles home, Chambersburg street, October 25, for the benefit of the Damon Runyan cancer fund, Horace L. Bender, secretary of the lodge, announced today.

Tickets will be \$1 per couple, and all proceeds will go to the fund. Mr. Bender said that the orchestra and all other services will be donated. The party is open to Eagles and their wives or friends.

The local lodge, in conjunction with the Eagles lodges throughout the United States, held a similar affair last year. The fraternal Order of Eagles were commended by Walter Winchell, treasurer of the fund, for raising the largest single fraternal organization contribution last year, \$132,999.53. Mr. Bender said.

The following local committee will be in charge: C. David McCullough, chairman; Dean Bucher, Paul A. Oyler, Clarence Shindiecker and Mr. Bender.

San Francisco, Sept. 17 (AP) — The AFL opened its 70th national convention today with a record membership total and an invitation to the CIO and other outside unions to come back to "The House of Labor."

Despite the number of members — a paid up total of 7,846,245 and an unofficial claim to nearly 9,000,000 — there were advance indications of a convention fight by some smaller unions over membership raids by their brother AFL organizations.

I take this particular view because I deeply feel that corruption, deliberate, admitted and open violations of the law are obvious expressions of contempt of the law. Especially do I so feel when frequent complaints are made in my office concerning such a situation.

Another Benefit Play Staged By Kids To Help R. C.

Another group of potential Gettysburg dramatists has turned to the stage to raise benefit funds which have been turned over to the Red Cross.

Sunday afternoon before an audience of some 30 persons a youthful cast that included Janet Johnson and Connie Riley both aged nine presented the play "Convoy" in a "Jug-o", which was written and produced by Janet and Connie.

Janet is the daughter of Prof. and Mrs. Lester O. Johnson and Connie is the daughter of Dr. and Mrs. Joseph Riley, all of North Stratton street. Other members of the cast were Judie Hofe, Paula Lupp and Amy Riley.

The play was given in the Battle-Playhouse which used to be—and is once more—the Johnson garage. The production was complete with stage sound effects and netted \$1.29 which was turned over to the Red Cross to help our boys in Korea.

That posed something of a problem for the Red Cross which is not gathering money for the "boys in Korea" but next month will start gathering blood for the "boys in Korea" and the \$1.29 may be put into the fund to finance that project.

The general admission price was five cents but "close friends" were admitted for two cents each.

TONE LOST FIGHT BUT IT SEEMS HE WON THE BRIDE

Hollywood, Sept. 17 (AP)—Franchot Tone, the suave screen lover, lost a fight over a shapely blonde but apparently has won the bride.

Actress Barbara Payton says he proposed and she said "yes."

Thus the ultimate loser of a pre-dawn movie colony brawl is muscular Tom Neal, who threw the punch which pulped Tone's patrician profile and hospitalized him with a brain concussion.

Neal took it hard "I was very much in love with the girl and still am today," he admitted. "I hope she and Tone will be very happy."

Tone, his doctor reports, is on the road to rapid recovery. He proposed marriage yesterday to Miss Payton during her second fire escape visit to his room.

Unanswered Question
"I love him very much," the 25-year-old film player said afterward in her first cordial encounter with newsmen since the fight. "We knew yesterday that we would marry, but

today he asked me."

All of which leaves but one question unanswered in the aftermath of the Friday morning bloodletting in Miss Payton's patio, namely:

Will Tone press charges against Neal, the bull-shouldered actor and weight lifter, or will all three principals be content to let the matter drop? Apparently the answer to that one hinges on further conferences between Tone and his lawyer.

Neal emerged from seclusion last night to supplement his previous account of the fight and to express his regrets. He still insisted that Tone threw the first punch.

That Kiss Did It

"Barbara came out and asked Franchot when he was going to get rid of me," said Neal in an interview with the Times. "Then she threw her arms around him and gave him a long kiss."

"That kiss is what touched it off." From behind the wheel of her convertible yesterday, Miss Payton passed a few remarks about Neal, too, none of them complimentary. She denied published reports that it was Neal's superb physique, displayed in swim trunks, that first attracted her to him.

"I wouldn't have the man in my house," she snapped. "I wouldn't call him a gentleman."

KREMLIN LIKE "BEAST OF PREY"

Washington, Sept. 17 (AP)—President Truman likened the Kremlin to "a beast of prey" today. He spoke at a ceremony in which the United States Constitution and Declaration of Independence were sealed in new protective cases.

Mr. Truman said the freedoms embodied in the yellowing parchment documents are growing "throughout the world except in the Soviet Union whose rulers, he declared, hold 'their citizens in terror and bondage.'"

"The Soviet citizens live in fear," the President told the audience at the Library of Congress. "Their society is a jungle, through which the naked power of the government prowls like a beast of prey, making all men afraid."

The precious 175-year-old Declaration of Independence and 164-year-old Constitution were locked away in gas-filled, glass and bronze containers to preserve them for centuries.

Scientists had worked for more than a decade designing the new cases to protect them against moisture, vermin, harsh light and other hazards while keeping them still visible, through double-paned glass, or many future generations.

WANT CAREFARE NOW

Pittsburgh, Sept. 17 (AP)—Here's a rich man's going to ask the employer to provide workers with free warfare.

Charles C. Levey, international vice president of the AFL-Building Service Employees Union, says the union's 2,000 Pittsburgh members are entitled to trolley or bus fare, while going to and from work, because they'll get only a small pay boost under the Wage Stabilization Board formula. Wage rates were not disclosed.

LANCASTER LIVESTOCK

Lancaster, Pa., Sept. 17 (AP)—Cattle 3,289, good grade butcher heifers 32, medium to good 28-30, common to medium 20-28. Calves 285 good and choice 41-42. Hogs 1,381, bulk of sales 22. Sheep 328, market steady.

Trust and Luck are villages within three miles of each other in North Carolina.

Warriors Stun Hagerstown With 6-0 Win In Impressive Debut

A very impressive Gettysburg high school football team sounded a warning to other South Penn teams they can be counted upon as title contenders by upsetting a favored Hagerstown high eleven 6-0 here Saturday evening before approximately 2,000 fans.

The game was a grueling and hard fought contest all the way and ended with Hagerstown hammering at the Warriors' goal line as time ran out.

Gettysburg's touchdown came in the final minute of the third period when "Skip" Fisel, quarterback, bucked over from the 1-yard line after an advance from midfield featured by a 24-yard gallop by Bobby Miller and a pair of passes from Fisel to Bill Heyser and Dick Harriel.

The Warriors got in hot water shortly after the opening kickoff when Gormley intercepted a pass after it had been batted about by Warrior defenders and the Hubs took over on the Gettysburg 34-yard mark. However, Hagerstown could get nowhere and Gettysburg took over on the 31.

Gettysburg was forced to punt a few plays later and the Hubs gained possession on their 46. On two tries Burke picked up a first down on the 43. Chaney and Spence, on four tries, gained another first down on the Gettysburg 31.

Williams Intercepts
After Burke swept right end for seven yards, Smith was spilled for a five-yard loss. The Hubs took to the air and a long pass into the end zone was snared by Bill Williams for a touchdown, giving the Warriors the ball on their own 20.

Midway in the second quarter the Warriors were forced to fight off another Hagerstown threat. The Hubs took over on their own 29 via a punt and with Spence, hardest running back for the invaders, sparking the attack, ripped off four straight first downs to the Warriors' 9-yard line.

Chaney got a yard on a line plunge. On the next play Bill Bucklew, moved to left end to bolster the defense, dumped Burke for a two-yard loss. Again Bucklew broke through to spill Burke for a six-yard loss on a wide end run. The threat expired when a long pass over the goal line was grounded.

Near the close of the half the ball changed hands twice on pass interceptions by Burke of the visitors and Williams of Gettysburg.

Gettysburg was a much improved team at the start of the third period. Taking the kickoff on their own 27, the Warriors took to the air to move into enemy territory. A pair of passes to Heyser put the ball on the Hagerstown 39 but the advance was halted when Spence intercepted at that point.

Late in the quarter Hagerstown was put back deep in its own territory when Burke, attempting to pass, was spilled on his 26 on fourth down. He punted out to Bobby Miller on the Hagerstown 49 from where Gettysburg's touchdown drive began.

Pass, Drive For Score
Miller broke off through right tackle and scampered to the Hubs' 25 before being dropped. Two successive passes, Fisel to Heyser and Fisel to Harriel, put the ball on the 3.

Hagerstown's husky line made the Warriors go all out for their tally. Williams, Miller and Fisel plunged into the line in succession with the latter finally hitting pay dirt on a quarterback drive. The right side of the Hubs' line converged to block Billy Knox's placement try for the point.

Early in the fourth period Hagerstown picked up a pair of first downs to reach the Warriors' 30 but the locals braced and took over at that spot. Williams punted a short time later to the visitors' 28 and then came the thrilling finish which found fans watching the clock almost as much as the game itself.

On the punt Gettysburg received a 15-yard penalty which put the ball on Hagerstown's 43. Sticking to their hard line smashing game, the Hubs rolled up three straight first downs, Spence picking up the last one on a sweep around right end to the 14. There the Warriors arose to the occasion. Spence ripped the line for four yards and Chaney got three at left end. Gossard found a hole in the right side of the line but it was quickly blocked by Carter who spilled him for a two-yard loss as time ran out.

The play of the entire Gettysburg team was a delight to local fans who now have visions of one of the best seasons in a long time. It is doubtful if the Warriors will be called upon to meet any stronger teams than Hagerstown.

All Deserve Credit
All of the linemen are deserving their share of credit. Clyde Cleveland, Gussie Dayhoff, Bill Heyser, Stan Altland, Richie Carter, Jim Skinner, Wayne Spence and Dick Harriel all turned in fine opening day performances and should develop into a well-knit forward wall.

Miller, Tonsel and Williams were excellent ball carriers while Fisel, in his first quarterbacking role, piloted the team well. Dave Swope, Bill DeHaas and Buck Bucklew were standouts defensively, the latter proving his mettle also on the line.

Hagerstown gained 11 first downs to Gettysburg's six. The Warriors connected on four of 11 aerials, three being intercepted. Hagerstown

Sports Roundup

By HUGH FULLERTON, JR.

New York, Sept. 17 (AP)—It probably is a sign of what the educators call "overemphasis on football" when gridiron championships are settled in mid-September instead of under snowy December skies. Yet a glance at the Sunday papers, while Mel Allen's mellifluous voice describes the tussle between the Yankees and Indians and while a few painful twinges recall walking around Saucun Valley during the amateur golf tourney last week, shows that a couple of next Saturday's early-season games must be remembered when national honors are doled out three months from now. Take Kentucky vs. Texas for example. Babe Parilli & Co. won the Sugar Bowl last season and that 72-13 opening win over Tennessee Tech doesn't indicate any weakness. Word from the southwest is that Texas isn't the power it was last year. A. & M. is the team; but the Longhorns might knock Kentucky loose from any championship ideas. The same might go for Washington State against hopeful Southern California. And do you suppose Oregon State's Kip Taylor could show his old boss, Biggie Munn, that he learned his coaching lessons too well? Biggie's Michigan State lads are picked to finish well up, you know.

AP MONDAY MATINEE

Although the Yankees haven't impressed this observer this season, it looks pretty rough for the Indians now. Two behind in games lost, fewer left to play than the Yanks and most of those on the road. Literary Dept.: Rube Samuel's "The Rose Bowl Game" gives the lowdown on the maneuvering style. When Bill Murray, new Duke U. coach, first played grade school football in Rocky Mount, N. C., his coach was a guy who later attained quite some fame in radio, music, etc. — etc. — Kay Kyser.

Williams Grove, Pa., Sept. 17 (AP)—George Tichenor, Logansport, Ind., driver won the 50-lap National Championship midget auto race here yesterday in 23 minutes and 36 seconds. Perry Grimm of Los Angeles finished second on the half-mile track. Two drivers, Chuck Rodde of Chicago and Joe Garson of Los Angeles escaped injuries when their cars crashed.

The Emira Pioneers and the Wilkes-Barre Indians will clash tonight to decide which club goes into the Eastern league's playoff final. The winner of the game at Wilkes-Barre will open the Governor's Cup series against the Scranton Miners tomorrow night at Scranton. The Indians pushed the best-of-seven series to the limit last night by whipping the Pioneers, 3-1, on Bud Hutson's homer in the 11th. The Miners beat the Hartford Chiefs, 4-1, for a sweep of the other best-of-seven semi-final.

Allentown, Pa., Sept. 17 (AP)—Representatives of five North Atlantic league clubs express optimism that the Class D loop would operate in 1952. The league suspended operations last March because of a player shortage and unsettled conditions. Hazleton, Stroudsburg, Berwick, Mahanoy City and Bangor were represented at a meeting yesterday. And spokesmen for the clubs instructed League President Ernest Landgraf to try to seek new franchises in Frederick, Md., and Chambersburg, Pa.

Completed but one of nine passes with two being intercepted.

Delone Next For
Many coaches from the South Penn circuit were on hand for the game and a number were heard to remark that the Warriors should be a contender all the way.

YANKS IN LEAD AGAIN AS THEY NIP TRIBE 5-1

By JOE REICHLER

(Associated Press Sports Writer)
New York's defending champion Yankees still win the big ones—and that is why they're back in first place today.

Because of their ability to rise to the occasion, because they seldom folded in the clutch, and because they were able to beat the team in front of them, the Yankees won the flag in 1949 and '50.

History simply repeated itself yesterday when the Bronx Bombers crushed Cleveland, 5-1, and replaced the Indians at the top of the American league.

At the same time, Boston's third-place Red Sox remained in the thick of things by beating the Chicago White Sox, 5-4, and climbing to within 2½ games of the top.

Stadium Tough for Tribe
The Yankee victory came on the anniversary of their taking the league lead a year ago. Only on September 16, 1950, it was the Tigers they beat to grab a lead they never lost.

New York's first-place hold is a precarious three percentage points and it can be expunged today if Ed Lopat loses to Cleveland's Bob Lemon in the last meeting between the two clubs.

Up to now, however, the Indians have shown a pathetic ineptness at the Yankee Stadium. Of 10 games on the Yankees' home grounds they have won only one.

Allie Reynolds, whom the Indians traded to the Yankees in the winter of '46, wielded the tomahawk yesterday. He set the Tribe back on five hits and drove in the winning run with a second-inning single.

Timely Triple for Joe
It was in the Yankee half of the fifth, however, that this crucial contest reached its most dramatic point, as far as the capacity crowd of 68,760 was concerned.

The Yankees, leading 3-1, had a runner on third with two away. Cleveland strategy dictated an intentional pass to the left-handed Yogi Berra so the right-handed Bob Feller could pitch to Joe DiMaggio. It was the third time in DiMaggio's illustrious career—all coming this season—that a batter was passed to get at Joe. It was the first time at the Stadium.

The Yankee Clipper knocked the strategy into a cocked hat and slammed Feller out of the Box with a two-run triple that rolled to the left centerfield fence 457 feet away.

Home Stretch Figures
The victory was the 15th for Reynolds. Five of these have come over Cleveland. Feller, whose 22 victories leads all the hurlers, was charged with his eighth setback and his third in four duels with Reynolds.

The Indians, who move on to Boston tomorrow for a two-game series, have nine games left to play. The Yankees have 13 and the Red Sox 14, but eight are against each other. Let it be forgotten, there still is a pennant race in the National league. Two victories over Pittsburgh, 7-1 and 6-4, kept the faint hopes of the New York Giants alive as Brooklyn's first-place margin shrunk to 4½ games despite their 6-1 triumph over the Cubs in Chicago.

The Other Games
The Dodgers' "magic" number still is eight. That is the number of games they have to win in order to clinch the flag. Brooklyn has 14 games to play, the Giants nine.

Elsewhere, the Philadelphia Athletics whipped the St. Louis Browns twice, 7-1 and 7-5; Detroit took two from Washington, 3-1 and 4-3; St. Louis' Cardinals vanquished the Philadelphia Phils, 9-2 and Cincinnati and the Boston Braves split. Kenny Raffensberger pitched the Braves to a 4-0 victory after Boston won, 6-5, for Warren Spahn's 21st triumph.

TEXAN TAKES AMATEUR TITLE

Bethlehem, Pa., Sept. 17 (AP)—Texas, the land of cattle, oil and famous golfers, has another linkman to add to its archives today—red-haired Billy Maxwell, the 1951 National amateur golf champion.

The 22-year-old North Texas State college golf captain is the youngest to take the crown since Bobby Jones came out of Atlanta in 1924 to win the first of his five amateur titles. Jones was four months younger than Billy.

Maxwell earned the title Saturday by defeating Joe Gagliardi, 39-year-old Mamaroneck, N. Y. lawyer and father of five children, 4 and 3 over beautiful but heavily-trapped Saucun Valley Country Club course.

Maxwell, a 155 pounder who learned his golf leaning on a fence at an Abilene, Texas, county club, reminded spectators of two other great Texas linksmen, Ben Hogan and Byron Nelson. The consensus was that little Billy travelled the course like Poker Face Ben and played a little like Nelson.

Little thought of at the start of the six-day tournament which saw Uncle Sam's entire Walker cup team eliminated, Maxwell played the most consistent golf of the week. His medal score in the match play competition was only eight strokes over par for nine rounds.

YORK SPRINGS DROPS GAME TO DUNCANNON

Duncannon high school's football eleven rolled over tiny, inexperienced York Springs 39 to 0 Saturday afternoon on the loser's field.

Despite the one-sided score, the losers did well for a squad on which most of the members had never previously played football.

For most of the team the game was the first full time practice they have had at football. Up to the past week, only 15 were out for the York Springs squad and as a result full scale scrimmages at practice were impossible until a day or two before the opening contest, when the number of candidates upped to 22.

Captain Mac Lott, one of the two letter men on the home team's eleven; Joel Miller, an eighth grader, and Donald Wonders, a senior who had previously played in only a few games, turned in some of the best performances for York Springs. Wonders almost got away for pay dirt in the third quarter when he intercepted a pass, but the opposition was too fast.

Score Early
Duncannon proved its superiority immediately upon the opening of the game. Joe Gallagher, who tallied a total of three touchdowns during the contest, took off on the third play of the game for the first score by the victors. His first touchdown came on a 50 yard left flank run, the second was on a 96 yard return of a punt and the third was a 70 yard sprint from a fake kick. Supko scored two touchdowns on passes of 25 and 30 yards from Magee. Magee put the last tally across in the fourth from the two yard line.

Next Saturday York Springs plays a Laurel conference game at Stewartstown.

THUNDERBOLTS DROP 22-6 TILT TO FREDERICK

A 35-yard pass from Left Half-back Ken Olinger to Right End Bob Koontz gave Littlestown its only tally Saturday night as it went down to defeat 22 to 6 at the hands of Frederick high school's football squad under the lights of the Thunderbolts home field.

The single touchdown came in the third quarter when the two juniors saw a golden opportunity after Littlestown recovered a Frederick fumble on the 40 yard line. On the next play Koontz streaked into the end zone and the ball sailed into his hands.

However, Coach Clayton Evans' men gave a better account of themselves than the final score would indicate. Inexperience in the kicking department set the stage for most of the Frederick tallies. Otherwise Littlestown rolled up seven first downs, as compared to Frederick's 10, and completed two passes while failing on four. Frederick had three completed passes and six incomplete.

Visitors Score
Frederick's first touchdown came in the second quarter after an exchange of punts wound up with Frederick setting the ball on its own 45. They passed to the 40 and then pushed through a series of plays finally reaching a point where a short plunge through right center put Weddle across. S. Krantz made the placement. A bad kick, that went only about 15 yards, set the stage for the second tally by the victors, with S. Krantz making the run from midfield.

Littlestown Co-captain Vic Reynolds was caught for a Frederick safety when he attempted a kick from behind his own goal line and was tackled by Ward during the fourth quarter. A punt return which ended with E. Krantz passing from the ten to Ward in the end zone gave Frederick its final touchdown. Krantz added the placement.

Littlestown will be host to Scotland in next Friday night's game.

"BILL" KLEM, FAMOUS UMP, DEAD AT 77

Miami, Fla., Sept. 17 (AP)—William J. (Bill) Klem, baseball's famous old arbitrator, is dead.

The veteran umpire, who was 77, died of a heart and kidney ailment in Doctors' hospital in suburban Coral Gables yesterday. His wife, Marie, his only immediate survivor, was with him when he died.

Klem, who had been in failing health for the past two years, entered the hospital August 11. He knew the end was near and only a week ago told his lawyer, "This is my last game and I'm going to strike out this time."

"Klem was a fine chap and probably the greatest umpire of all time," said Ford Frick, president of the National league. "The National league has lost a stalwart figure and I am sure that all connected with baseball join me in expressing my grief and our condolence to his widow."

Did 18 World Series
One of the most colorful umpires the game ever saw, Klem often was quoted as saying he never missed one in his life. Later he amended that to say when he called a play he knew in his heart he was right.

Born in Rochester, N. Y., Klem played baseball briefly with a home town team but soon switched to umpiring and officiated at games in Connecticut and New York state before joining the American association in 1904.

The following season he went to the National league and remained there for 36 years, until he retired in 1941. Since that time he served as umpire-in-chief of the league. Klem set a record by officiating in 18 World Series.

Klem will be buried Wednesday morning after a requiem mass at St. Patrick's church.

Steelers Wallop Packers By 35-6

Buffalo, N. Y., Sept. 17 (AP)—The rejuvenated Pittsburgh Steelers of the National Football league brought their exhibition standing to 2-2 yesterday by walloping the Green Bay Packers 35-6.

The Steelers scooped up two Packer fumbles for touchdowns. Another came on an 85-yard run by halfback Ray Mathews.

The Steelers scored in every quarter but the second when tailback Joe Geri missed field goal tries from the 36 and 40-yard marks. However, Geri made good on five conversions.

The winners secured but three hits off Murren while Laughman yielded six.

Warriors Stun Hagerstown With 6-0 Win In Impressive Debut

A very impressive Gettysburg high school football team sounded a warning to other South Penn teams they can be counted upon as title contenders by upsetting a favored Hagerstown high eleven 6-0 here Saturday evening before approximately 2,800 fans.

The game was a grueling and hard fought contest all the way and ended with Hagerstown hammering at the Warriors' goal line as time ran out.

Gettysburg's touchdown came in the final minute of the third period when "Skip" Fisel, quarterback, bucked over from the 1-yard line after an advance from midfield featured by a 24-yard gallop by Bobby Miller and a pair of passes from Fisel to Bill Heyser and Dick Harriel.

The Warriors got in hot water shortly after the opening kickoff when Gormley intercepted a pass after it had been batted about by Warrior defenders and the Hubs took over on the Gettysburg 34-yard mark. However, Hagerstown could get nowhere and Gettysburg took over on the 31.

Gettysburg was forced to punt a few plays later and the Hubs gained possession on their 46. On two tries Burke picked up a first down on the 43. Chaney and Spence, on four tries, gained another first down on the Gettysburg 31.

Williams Intercepts
After Burke swept right end for seven yards, Smith was spilled for a five-yard loss. The Hubs took to the air and a long pass into the end zone was snared by Bill Williams for a touchdown, giving the Warriors the ball on their own 20.

Midway in the second quarter the Warriors were forced to fight off another Hagerstown threat. The Hubs took over on their own 29 via a punt and with Spence, hardest running back for the invaders, sparking the attack, ripped off four straight first downs to the Warriors' 9-yard line.

Chaney got a yard on a line plunge. On the next play Bill Bucklew, moved to left end to bolster the defense, dumped Burke for a two-yard loss. Again Bucklew broke through to spill Burke for a six-yard loss on a wide end run. The threat expired when a long pass over the goal line was grounded.

Near the close of the half the ball changed hands twice on pass interceptions by Burke of the visitors and Williams of Gettysburg.

Gettysburg was a much improved team at the start of the third period. Taking the kickoff on their own 27, the Warriors took to the air to move into enemy territory. A pair of passes to Heyser put the ball on the Hagerstown 39 but the advance was halted when Spence intercepted at that point.

Late in the quarter Hagerstown was put back deep in its own territory when Burke, attempting to pass, was spilled on his 26 on fourth down. He punted out to Bobby Miller on the Hagerstown 49 from where Gettysburg's touchdown drive began.

Pass, Drive For Score
Miller broke off through right tackle and scampered to the Hubs' 25 before being dropped. Two successive passes, Fisel to Heyser and Fisel to Harriel, put the ball on the 3.

Hagerstown's husky line made the Warriors go all out for their tally. Williams, Miller and Fisel plunged into the line in succession with the latter finally hitting pay dirt on a quarterback drive. The right side of the Hubs' line converged to block Billy Knox's placement try for the point.

Early in the fourth period Hagerstown picked up a pair of first downs to reach the Warriors' 30 but the locals braced and took over at that spot. Williams punted a short time later to the visitors' 28 and then came the thrilling finish which found fans watching the clock as much as the game itself.

On the punt Gettysburg received a 15-yard penalty which put the ball on Hagerstown's 43. Sticking to their hard line smashing game, the Hubs rolled up three straight first downs, Spence picking up the last one on a sweep around right end to the 14. There the Warriors arose to the occasion. Spence ripped the line for four yards and Chaney got three at left end. Gossard found a hole in the right side of the line but it was quickly blocked by Carter who spilled him for a two-yard loss as time ran out.

The play of the entire Gettysburg team was a delight to local fans who now have visions of one of the best seasons in a long time. It is doubtful if the Warriors will be called upon to meet any stronger teams than Hagerstown.

All Deserve Credit
All of the linemen are deserving their share of credit. Clyde Cleveland, Gussie Dayhoff, Bill Heyser, Stan Altland, Richie Carter, Jim Skinner, Wayne Spence and Dick Harriel all turned in fine opening day performances and should develop into a well-knit forward wall.

Miller, Tonsel and Williams were excellent ball carriers while Fisel, in his first quarterbacking role, piloted the team well. Dave Swope, Bill DeHaas and Buck Bucklew were standouts defensively, the latter proving his mettle also on the line.

Hagerstown gained 11 first downs to Gettysburg's six. The Warriors connected on four of 11 aerials, three being intercepted. Hagerstown

Sports Roundup

By HUGH FULLERTON, JR.

New York, Sept. 17 (AP)—It probably is a sign of what the educators call "overemphasis on football" when gridiron championships are settled in mid-September instead of under snowy December skies.

Yet a glance at the Sunday papers, while Mel Allen's mellifluous voice describes the tussle between the Yankees and Indians and while a few painful twinges recall walking around Saucon Valley during the amateur golf tourney last week, shows that a couple of next Saturday's early-season games must be remembered when national honors are dished out three months from now.

Take Kentucky vs. Texas for example. Babe Parilli & Co. won the Sugar Bowl last season and that 72-13 opening win over Tennessee Tech doesn't indicate any weakness. Word from the southwest is that Texas isn't the power it was last year (A&M is the team) but the Longhorns might knock Kentucky loose from any championship ideas.

The same might go for Washington State against hopeful Southern California. And do you suppose Oregon State's Kip Taylor could show his old boss, Biggie Munn, that he learned his coaching lessons too well? Biggie's Michigan State lads are picked to finish well up, you know.

AP MONDAY MATINEE
Although the Yankees haven't impressed this observer this season, it looks pretty rough for the Indians now. Two behind in games lost, fewer left to play than the Yankees and most of those on the road. Literary Dept.: Rube Samuels' "The Rose Bowl Game" gives the lowdown on the maneuvering style.

When Bill Murray, now Duke U. coach, first played grade school football in Rocky Mount, N. C., his coach was a guy who later attained quite some fame in radio, music, etc. — etc. — Kay Kyser.

Williams Grove, Pa., Sept. 17 (AP)—George Tichenor, Logansport, Ind., driver won the 50-lap National Championship midget auto race here yesterday in 23 minutes and 36 seconds. Perry Grimm of Los Angeles finished second on the half-mile track. Two drivers, Chuck Rodee of Chicago and Joe Garson of Los Angeles escaped injuries when their cars crashed.

Home Stretch Figures
The victory was the 15th for Reynolds. Five of these have come over Cleveland. Feller, whose 22 victories leads all the hurlers, was charged with his eighth setback and his third in four duels with Reynolds.

The Indians, who move on to Boston tomorrow for a two-game series, have nine games left to play. The Yankees have 13 and the Red Sox 14, but eight are against each other.

Let it be forgotten, there still is a pennant race in the National League. Two victories over Pittsburgh, 7-1 and 6-4, kept the faint hopes of the New York Giants alive as Brooklyn's first-place margin shrunk to 4½ games despite their 6-1 triumph over the Cubs in Chicago.

The Other Games

YANKS IN LEAD AGAIN AS THEY NIP TRIBE 5-1

By JOE REICHLER
(Associated Press Sports Writer)

New York's defending champion Yankees still win the big ones—and that is why they're back in first place today.

Because of their ability to rise to the occasion, because they seldom folded in the clutch, and because they were able to beat the team in front of them, the Yankees won the flag in 1949 and '50.

History simply repeated itself yesterday when the Bronx Bombers crushed Cleveland, 5-1, and replaced the Indians at the top of the American league.

At the same time, Boston's third-place Red Sox remained in the thick of things by beating the Chicago White Sox, 5-4, and climbing to within 2½ games of the top.

Stadium Tough for Tribe
The Yankee victory came on the anniversary of their taking the league lead a year ago. Only on September 16, 1950, it was the Tigers they beat to grab a lead they never lost.

New York's first-place hold is in a precarious three percentage points and it can be expunged today if Ed Lopat loses to Cleveland's Bob Lemon in the last meeting between the two clubs.

Up to now, however, the Indians have shown a pathetic ineptness at the Yankee Stadium. Of 10 games on the Yankees' home grounds they have won only one.

Allie Reynolds, whom the Indians traded to the Yankees in the winter of '46, wielded the tomahawk yesterday. He set the Tribe back on five hits and drove in the winning run with a second-inning single.

Timely Triple for Joe
It was in the Yankee half of the fifth, however, that this crucial contest reached its most dramatic point, as far as the capacity crowd of 68,760 was concerned.

The Yankees, leading 3-1, had a runner on third with two away. Cleveland strategy dictated an intentional pass to the lefthanded Yogi Berra so the righthanded Bob Feller could pitch to Joe DiMaggio. It was the third time in DiMaggio's illustrious career—all coming this season—that a batter was passed to get at Joe. It was the first time at the Stadium.

The Yankee Clipper knocked the strategy into a cocked hat and slammed Feller out of the Box with a two-run triple that rolled to the left center field fence 457 feet away.

Home Stretch Figures
The victory was the 15th for Reynolds. Five of these have come over Cleveland. Feller, whose 22 victories leads all the hurlers, was charged with his eighth setback and his third in four duels with Reynolds.

TEXAN TAKES AMATEUR TITLE

Bethlehem, Pa., Sept. 17 (AP)—Texas, the land of cattle, oil and famous golfers, has another linkman to add to its archives today—red-haired Billy Maxwell, the 1951 National amateur golf champion.

The 22-year-old North Texas State college golf captain is the youngest to take the crown since Bobby Jones came out of Atlanta in 1924 to win the first of his five amateur titles. Jones was four months younger than Billy.

Maxwell earned the title Saturday by defeating Joe Gagliardi, 39-year-old Mamaroneck, N. Y., lawyer and father of five children, 4 and 3 over beautiful but heavily-trapped Saucon Valley Country Club course.

Maxwell, a 155 pounder who learned his golf leaning on a fence at an Abilene, Texas, county club, reminded spectators of two other great Texas linksmen, Ben Hogan and Byron Nelson. The consensus was that little Billy travelled the course like Poker Face Ben and played a little like Nelson.

Little thought of at the start of the six-day tournament which saw Uncle Sam's entire Walker cup team eliminated, Maxwell played the most consistent golf of the week. His medal score in the match play competition was only eight strokes over par for nine rounds.

YORK SPRINGS DROPS GAME TO DUNCANNON
Duncannon high school's football eleven rolled over tiny, inexperienced York Springs 39 to 0 Saturday afternoon on the loser's field.

Despite the one-sided score, the losers did well for a squad on which most of the members had never previously played football.

For most of the team the game was the first full time practice they have had at football. Up to the past week, only 15 were out for the York Springs squad and as a result full scale scrimmages at practice were impossible until a day or two before the opening contest, when the number of candidates upped to 22.

Captain Mac Lott, one of the two letter men on the home team's eleven; Joe Miller, an eighth grader, and Donald Wonders, a senior who had previously played in only a few games, turned in some of the best performances for York Springs. Wonders almost got away for pay dirt in the third quarter when he intercepted a pass, but the opposition was too fast.

Score Early
Duncannon proved its superiority immediately upon the opening of the game. Joe Gallagher, who tallied a total of three touchdowns during the contest, took off on the third play of the game for the first score by the visitors. His first touchdown came on a 50 yard left flank run, the second was on a 96 yard return of a punt and the third was a 70 yard sprint from a fake-kick. Supko scored two touchdowns on passes of 25 and 30 yards from Magee. Magee put the last tally across in the fourth from the two yard line.

Next Saturday York Springs plays a Laurel conference game at Stewartstown.

Did 18 World Series
One of the most colorful umpires the game ever saw, Klem often was quoted as saying he never missed one in his life. Later he amended that to say when he called a play he knew in his heart he was right.

Born in Rochester, N. Y., Klem played baseball briefly with a home town team but soon switched to umpiring and officiated at games in Connecticut and New York state before joining the American association in 1904.

The following season he went to the National league and remained there for 36 years, until he retired in 1941. Since that time he served as umpire-in-chief of the league. Klem set a record by officiating in 18 World Series.

Klem will be buried Wednesday morning after a requiem mass at St. Patrick's church.

THUNDERBOLTS DROP 22-6 TILT TO FREDERICK

A 35-yard pass from Left Half-back Ken Olinger to Right End Bob Koontz gave Littletown its only tally Saturday night as it went down to defeat 22 to 6 at the hands of Frederick high school's football squad under the lights of the Thunderbolts' home field.

The single touchdown came in the third quarter when the two juniors saw a golden opportunity after Littletown recovered a Frederick fumble on the 40 yard line. On the next play Koontz streaked into the end zone and the ball sailed into his hands.

However, Coach Clayton Evans' men gave a better account of themselves than the final score would indicate. Inexperience in the kicking department set the stage for most of the Frederick tallies. Otherwise Littletown rolled up seven first downs, as compared to Frederick's 10, and completed two passes while failing on four. Frederick had three completed passes and six incomplete.

Visitors Score
Frederick's first touchdown came in the second quarter after an exchange of punts wound up with Frederick getting the ball on its own 45. They passed to the 40 and then pushed through a series of plays finally reaching a point where a short plunge through right center put Weddle across. S. Krantz made the placement. A bad kick, that went only about 15 yards, set the stage for the second tally by the visitors, with S. Krantz making the run from midfield.

Littletown Co-captain Vic Reynolds was caught for a Frederick safety when he attempted a kick from behind his own goal line and was tackled by Ward during the fourth quarter. A punt return which ended with E. Krantz passing from the ten to Ward in the end zone gave Frederick its final touchdown. Krantz added the placement.

Steelers Wallop Packers By 35-6

Buffalo, N. Y., Sept. 17 (AP)—The rejuvenated Pittsburgh Steelers of the National Football league brought their exhibition standing to 2-2 yesterday by walloping the Green Bay Packers 35-6.

The Steelers scooped up two Packer fumbles for touchdowns. Another came on an 85-yard run by halfback Ray Mathews.

The Steelers scored in every quarter but the second when tailback Joe Geri missed field goal tries from the 36 and 40-yard marks. However, Geri made good on five conversions.

Rescue Girl, 9, From 'Gator's Jaws
Coral Gables, Fla., Sept. 17 (AP)—A nine-year-old girl was in "fair" condition today after her companion, 10, pulled her from the jaws of an alligator.

Patrolman George Tomlinson reported Jerry Gustafson had a broken right arm and had lost considerable blood after being mauled by the six-foot reptile.

The girl and 10-year-old Parker Stratt yesterday were wading in a rock pit where the gator was raised when it snatched Jerry.

The boy pulled her from its jaws and the alligator submerged. It has not been seen since.

TONE LOST FIGHT BUT IT SEEMS HE WON THE BRIDE

Hollywood, Sept. 17 (P)—Pranchot Tone the suave screen lover lost a fight over a shapely bride but apparently has won the bride.

Actress Barbara Payton said she is pleased she said yes.

Thus the ultimate loser of a pre-wedding movie debut brawl, Miss Payton, who won the fight, was the victor.

Neat, too, in hard, "I was very much in love with the girl and still am today," he admitted. "I hope she and I will be very happy."

Tone has doctor reports on the road to rapid recovery. He proposed marriage yesterday to Miss Payton during her second fire escape visit to his room.

Unanswered Question

I love her very much, the 28-year-old film player said afterward. "I hope she and I will be very happy."

today he asked me."

All of which leaves but one question unanswered in the aftermath of the Friday morning bloodletting in Miss Payton's patio, namely:

Will Tone press charges against Neat, the 35-year-old actor and weight lifter or will all three principals be content to let the matter drop? Apparently the answer to that one hinges on further conferences between Neat and his lawyer.

Neat emerged from seclusion last night to comment on his previous account of the fight and to express his regrets. He still insisted that Tone threw the first punch.

That Kiss Did It

Barbara came out and asked Pranchot when he was going to get out of the room. Neat in an interview with the Times. "Then she threw her arms around him and gave him a long kiss."

That kiss was what touched it off. From behind the wheel of her convertible yesterday, Miss Payton passed a few remarks about Neat.

No more of them complimentary. She called him a "superb physique," displayed in swim trunks, that first attracted her to him.

I wouldn't have the man in my class," she snapped. "I wouldn't have a gentleman."

CITY HEAD-UP

Nothing gave me greater joy this summer at my Nova Scotia island retreat than to make an occasional trip to Halifax—but 22 miles away—and note a new enterprise represented by a beautiful library building. I said to myself that here was sound evidence of Halifax with its head up—proudly and with dignity!

To me the greatest institution that any city can plant in its midst is a fine library. "Knowledge is power" wherever planted. A town, or city, with a good library is cheating itself. Whenever I visit a place and view a fine library I know that that community is intelligent, wants to learn—and that it depends upon thinking to carry it along.

A library and books are beyond all monetary consideration. Books are living men—always. Men and women carry on and never die when planted in books, and if their books were sincerely a part of them, and their thoughts high and noble, their books are immortal as man himself is immortal!

People with with ideas, and who think for themselves, are the really wealthy in any community. Go into any well-equipped library and watch the intent with which each book is held and the silent fascination it holds for the reader, especially when read by a young person. New worlds are being discovered, new ideas formed, new thoughts stimulated. The mind then is at its meal time. Who can measure its ultimate power?

I have talked with no one about this new, beautiful library at Halifax, which is named Halifax Memorial Library, but I noted that people as they passed its attractive location and its architecture seemed to hold their heads a little higher in pride, for it is a memorial to their gifts and sacrifices that they and their children might make a better city and contribute to a better world.

This city head-up is created in many other ways, outside that of fine libraries. It gets it in good schools, parks, playgrounds and pools for children, and through its city civic enterprises, and its efficient hospitals. The mere money expended for such a spirit in a community becomes only a means to the finer mental and spiritual results.

Tomorrow Mr. Adams will talk on the subject: "On Suspecting." Protected, 1951, by The George Matthew Adams Service

SENATE GOP TO DECIDE ABOUT TAXCOMPROMISE

Harrisburg, Sept. 17 (AP)—A "second best" \$128,250,000 tax program went before Senate Republicans today with the often-rejected state income levy still a big factor in the long tax deadlock.

The Senate GOP caucus was called into closed session to consider a new compromise program the House Republican leadership developed during a three-week "breathing spell" recess of the Legislature.

The Senate Republicans were summoned into the tax caucus in advance of reconvening of the Assembly itself, for a possible two weeks' windup of the 1951 session.

Sept. 29 Deadline
While the adjournment date of the longest session since colonial days has yet to be fixed formally, lack of hotel accommodations for the month of October apparently put a September 29 deadline on the Assembly.

Should an agreement be reached on taxes, Assembly leaders plan to push that legislation through, as well as a bill reducing the state's congressional districts from 33 to 30, during the next two weeks.

However, should the tax deadlock continue both that problem and reapportionment legislation would go over to a special session, probably early in 1952 under tentative discussions.

The House GOP tax program includes a new levy of one per cent on real estate transfers, increases in the state's institution taxes and a group of changes in the corporate net income tax.

At the same time, the House Republican leadership said the disputed income tax was "the most equitable and least burdensome" and submitted its compromise program "as a substitute if absolutely necessary to resolve the present tax stalemate."

There was also a possibility the one-half of one percent income tax would be revived in the Senate, either by Republicans or Democrats, or both.

Sen. John H. Dent, Democratic floor leader, said during the recess that some of the 20 Democrats in the Senate, who have solidly opposed the levy, might have to support it to prevent a breakdown of financial aid to education and state-aided institutions.

Some GOP opponents of the levy also have hinted that action might be necessary, if agreement cannot be reached on a substitute program.

GLAD CORMS NEED ATTENTION

Some gardeners do not realize that gladiolus corms must be dug for indoor winter storage just as soon as the leaves begin to dry up or even when they have turned from green to yellow. Leaving them in the ground beyond that period may cause serious losses if fall rains should be abundant.

Take them up and place in thin layers in a cool, airy room until the stems are completely dry. At that time they can be twisted off relatively easily. That also is the time to remove last year's corm that is attached to the bottom of the new one and all the little cormlets.

Let dry for another week or two before placing them in safe winter storage after dusting lightly with D.D.T. powder to kill the thrips that have found shelter beneath the loose skin of the corm. Unless destroyed they will keep on feeding on the corm all through the storage period and be right on hand to do their damage when the bulbs are planted again next year. Corms that are treated when stored will start healthy growth next year.

Urge Early Planting For Winter Bulbs

Autumn comes and goes in a hurry and consequently all essential garden work must be speeded up. This applies especially to the planting of winter-hardy bulbs. The work is ever so much more pleasant while the sun's rays are comfortably warm and the soil still far from cold.

While late planting is perfectly satisfactory in most instances, bulbs planted just as soon as they are available have a much better chance to get settled and make a good root system before chilly winter temperatures retard or even bring to a standstill root formation.

While it still is too early to plant deciduous trees and shrubs, it is not too soon to prepare the planting holes. If the well prepared soil is put back into the holes it will take very little time and effort to do the actual planting when the plant material is received.

PREPARING FOR BLUEBERRIES

Judging by inquiries reaching the editor's desk, interest of farmers and gardeners in growing improved blueberries is mounting rapidly. Of course, those who have grown this fine berry, along with consumers who have enjoyed its remarkable flavor and texture, need no further proof of its many merits. But until the past year there has been a general apathy among beginners to adopt the blueberry. It was to discover the key to this recent revival of interest that we began a survey among consumers.

Clerks at several large chain grocery stores in eastern cities asked housewives why they were buying blueberries, mostly frozen brands because fresh berries were not yet plentiful on the market. In preponderance of the cases these buyers stated they had not realized how delicious blueberries were until they had tried their first package of the frozen fruit. Now they are buying both frozen and fresh blueberries with an increased rate of urban consumption that may easily far outstrip production.

Obviously, as occurs when the un-falling law of supply and demand is no abrogated by human barriers, news of this new appreciation for blueberries at the consumer's end of the line is trickling back to the production source — the farm and garden.

In growing blueberries two important facts should be stressed for the benefit of beginners. They are: (1) This fruit requires an acid soil,

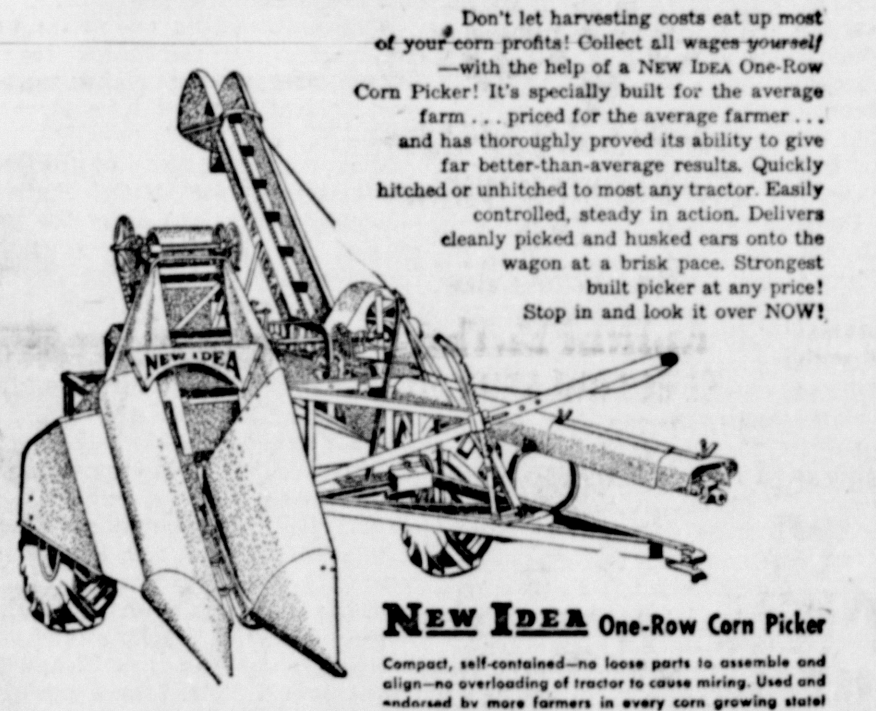

and soil preparation must take this inescapable factor into consideration; (2) No beginner should embark on blueberry growing on a broad scale or until he has adjusted soils and methods to the plants requirements.

This second suggestion does not imply that blueberries are difficult to grow. In fact, many experienced gardeners say they are easier to produce than raspberries. But basis for the advice is found in the fact that beginners must learn to provide soils to satisfy the particular demands of this acid-loving plant, and this adjustment is more economically made on a small than on a large scale.

Therefore, it is suggested that inexperienced growers begin with no more than 10 to 30 plants at the most, fewer if fruit is grown solely for home use. To make the soil suitably acid before early spring planting time arrives, it is necessary to substitute for the present alkaline soil of the garden site an acid woods loam, preferably from an old hard wood forest. Such acid soil should be substituted in a strip 3 to 4 feet wide and from 18 inches to two feet deep. In many cases acid woods soil may be mixed with the present alkaline loam and some aluminum sulphate added to bring the acidity up to the required level.

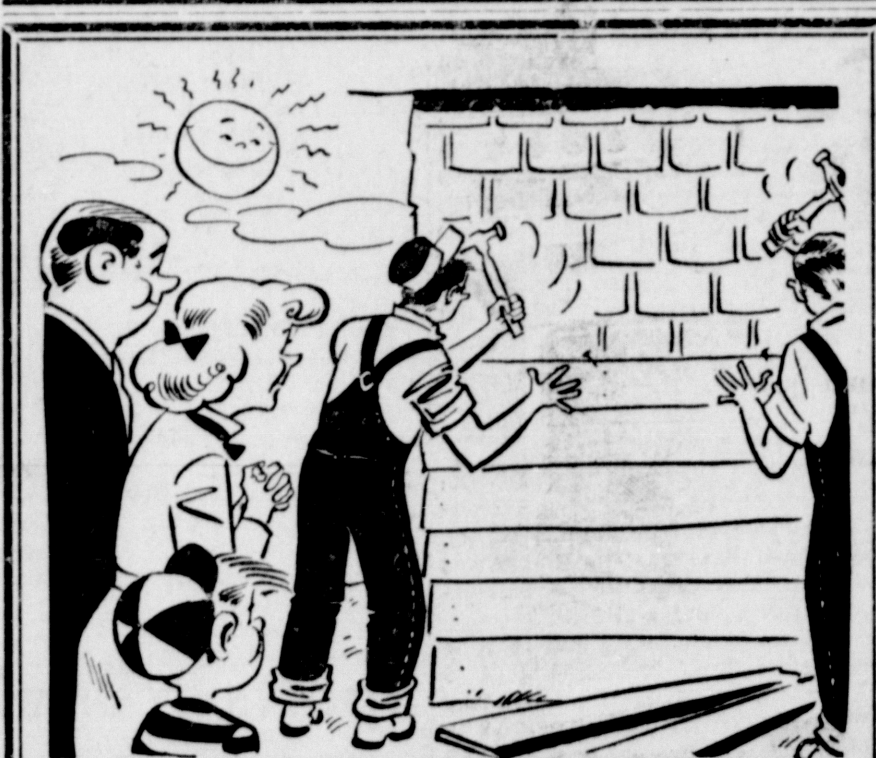

Next, there must be two more varieties planted together to provide proper cross-pollination. Too much emphasis cannot be placed on the fact that one variety of blueberry

GOP LEADERS OPEN DRIVE FOR GENERAL IKE

Washington, Sept. 17 (AP) — Supporters have launched a campaign to convince Republicans that Gen. Dwight D. Eisenhower is a member of their party and that he is available for the GOP presidential nomination.

This preliminary campaign was agreed upon by Gov. Thomas E. Dewey of New York and other Eisenhower backers at conferences here, according to some of those who took part.

The general's chief rooters also were said to have agreed that when the time comes—possibly later this year—to bring the Eisenhower candidacy out into full public view, the impetus will come from Kansas. Most of those now in the vanguard of the GOP Eisenhower boom are easterners, such as Dewey and Senators Duff (R-Pa.), Ives (R-N.Y.) and Saltonstall (R-Mass.) and Rep. Hugh D. Scott, Jr. (R-Pa.).

Headquarters in Kansas But they apparently intend to leave to Harry Darby, Kansas Republican National committeeman, and Senator Carlson (R-Kan.) the responsibility for establishing chief Eisenhower headquarters in Kansas, the general's home state. This would cultivate the grass roots flavor in the campaign for him.

Just now, the general's boosters are worried about what some of them call a "smear campaign" they said is designed to cast doubt in the minds of Republicans as to whether Eisenhower is a member of their party or that he will be available for its nomination. Saltonstall told a reporter that since he made a recent statement urging the general's nomination he has received "a number of smear letters."

"The people who write are against Eisenhower for varied reasons, but they don't say who they are for," he observed.

Thus far, the Eisenhower brigade is operating largely in the dark with regard to the general's political intentions.

Modern "Ancient Mariner"

Port Angeles, Wash., Sept. 17 (AP) — A University of Washington research assistant shot an albatross at sea despite protests of a ship's crew. Like the "ancient mariner," he wishes he hadn't.

The research assistant, John Shipp, was aboard the U. S. Fish and Wildlife Service's explanatory ship, John N. Cobb when he spotted the bird usually found only off the coast of Australia. Capt. Sheldon Johnson, ignoring seven superstitious seamen, who said "No, let him shoot it for the university museum."

The seamen reminded Shipp of the fate of Coleridge's "ancient mariner." In that story, the mariner shot an albatross and the winds died down, leaving his ship becalmed. All aboard the vessel but the mariner died from starvation or thirst. His prayers finally were

answered and he made port with the ship after many days' suffering.

Shipp shot the bird. These events followed. The ship was engaged in exploratory deep sea trawling at the time and its net cables fouled three times. The net caught on the sea bottom and was ripped into shreds.

The shaft on the main winch snapped and the crew had to reel in the 1700 feet of cable.

Ted Moellendorf, a scientific aide aboard the ship, fell down a hatch ladder and broke a rib.

Shipp, though the sea was calm, became violently seasick for the first time in his life.

The ship had to turn back to Seattle because of its broken gear. There the cook quit.

Shipp swore off albatross hunting.

The solemn opening of the annual Forty Hours of Devotions took place after the 10 o'clock mass Sunday morning at St. Aloysius church, with a procession and special music. During the processional the choir sang "Pange Linqua." The blessed Sacrament was placed on the main altar to remain on exposition for the day. The Sacrament was exposed today at the 5:30 a.m. mass and will continue until the solemn closing of Tuesday evening. At the mass the Litany of the Saints was

complaining of "open discrimination."

There was no indication early today whether the notes have reached U.S. British and French headquarters in West Germany. A separate note also was going to the French government in Paris.

The decision to send the notes follows the Tuesday midnight blockade of Czech government airlines. Czech planes are barred from flying over West Germany and into France and England. Prague radio called this a violation of the Potsdam agreement and charged the U.S. with pressuring Britain and France to join in the sanctions.

Weak, Run-Down Men and Women

Often Feel and Act Years
Younger When They Take
Ferrizan

Thousands of men and women with their youth behind them are finding the strain of modern life and work exhausting — their energy and vitality gone — their vitality and strength at a low ebb. Often because they fail to get from their food the proper amount of iron and iodine, and the necessary valuable vitamins every one needs if they expect to retain and retain a normal healthy body.

Is it surprising that Doctors tell such folks to ease up — get more rest — give their tired nerves and body a chance to get well — and take vitamins? Certainly not. The Vitamin-Mineral way is the modern way — the tested, proven way, and one that way is to take Ferrizan, the complete modern dietary supplement that gives you each and every day a full supply of the important B Vitamins, with plenty of iron to enrich the blood and the full daily requirement of that most important element — Iodine, so universally deficient in inland areas.

To all who suffer from these depressing symptoms we say, "Try Ferrizan at our risk for thirty days. See if it doesn't bring about a remarkable improvement. If it fails or if you are in any way dissatisfied, it won't cost you a penny." says —

GOP LEADERS OPEN DRIVE FOR GENERAL IKE

Washington, Sept. 17 (AP)—Supporters have launched a campaign to convince Republicans that Gen. Dwight D. Eisenhower is a member of their party and that he is available for the GOP presidential nomination.

This preliminary campaign was agreed upon by Gov. Thomas E. Dewey of New York and other Eisenhower backers at conferences here, according to some of those who took part.

The general's chief rooters also were said to have agreed that when the time comes—possibly later this year—to bring the Eisenhower candidacy out into full public view, the impetus will come from Kansas.

Most of those now in the vanguard of the GOP Eisenhower boom are easterners, such as Dewey and Senators Duff (R-Pa.), Ives (R-N.Y.) and Saltonstall (R-Mass.) and Rep. Hugh D. Scott, Jr. (R-Pa.).

Headquarters in Kansas But they apparently intend to leave to Harry Darby, Kansas Republican National committeeman, and Senator Carlson (R-Kan.) the responsibility for establishing chief Eisenhower headquarters in Kansas, the general's home state. This would cultivate the grass roots flavor in the campaign for him.

Just now, the general's boosters are worried about what some of them call a "smear campaign" they said is designed to cast doubt in the minds of Republicans as to whether Eisenhower is a member of their party or that he will be available for its nomination.

Saltonstall told a reporter that since he made a recent statement urging the general's nomination he has received "a number of smear letters."

"The people who write are against Eisenhower for varied reasons, but they don't say who they are for," he observed.

Thus far, the Eisenhower brigade is operating largely in the dark with regard to the general's political intentions.

Modern "Ancient Mariner"

Port Angeles, Wash., Sept. 17 (AP)—A University of Washington research assistant shot an albatross at sea despite protests of a ship's crew. Like the "ancient mariner," he wishes he hadn't.

The research assistant, John Slipp, was aboard the U. S. Fish and Wildlife service's explanatory ship John N. Cobb when he spotted the bird usually found only off the coast of Australia. Capt. Sheldon Johnson, ignoring seven superstitious seamen who said "No," let him shoot it for the university museum.

The seamen reminded Slipp of the fate of Coleridge's "ancient mariner." (In that story, the mariner shot an albatross and the winds died down, leaving his ship becalmed. All aboard the vessel but the mariner died from starvation or thirst. His prayers finally were

answered and he made port with the ship after many days' suffering.) Slipp shot the bird. These events followed:

The ship was engaged in exploratory deep sea trawling at the time and its net cables fouled three times.

The net caught on the sea bottom and was ripped into shreds.

The shaft on the main winch snapped and the crew had to reel in the 1,700 feet of cable.

Ted Moellendorf, a scientific aide aboard the ship, fell down a hatch ladder and broke a rib.

Slipp, though the sea was calm, became violently seasick for the first time in his life.

The ship had to turn back to Seattle because of its broken gear. There the cook quit.

Slipp swore off albatross hunting.

The annual Harvest Home service at Christ Reformed church on Sunday morning was well attended. A special Harvest Home offering was received by the pastor, the Rev. G. Howard Koons. The large harvest display was arranged by Mr. and Mrs. David L. Messenger, Mr. and Mrs. Stanley R. Sell, Mr. and Mrs. Mervin L. Myers, Mr. and Mrs. Harvey W. Schwartz and Mr. and Mrs. Harry C. Wildasin. Following the worship the men of the church carried the donations downstairs to be packed and transported to the Hoffman orphanage, Littlestown R. 1, and Homewood, Church Home for the Aged in Hagerstown.

Elder, Deacon Installed During the worship the Rev. Mr. Koons ordained and installed LeRoy W. Berwager as elder, to succeed his brother, the late George W. Berwager, and Mervin K. Myers, as

deacon to fill the unexpired term of LeRoy W. Berwager. The pastor announced the annual fall meeting of the Mercersburg Synod to be held Tuesday, September 25, in St. John's church, Chambersburg. Coming events at the church include: Sunday, September 30, 10:30 a.m., fall preparatory service; Sunday, October 7, 10:30 a.m., World Wide Communion, and Sunday, October 14, 10 a.m., Rally Day. The Rally Day program committee consists of the Rev. Mr. Koons, Paul E. Berwager, Mervin L. Myers and Harold E. Shoemaker. The trustees have announced through their treasurer, John M. Wisler, that the cemetery fund has recently received the following contributions: \$50 from Mr. and Mrs. LeRoy W. Berwager; \$50 from Mr. and Mrs. Harold E. Shoemaker, and \$200 from the will of the late Elder George W. Berwager. It is suggested that the organizations of the church help reach the financial goal for the benevolence with a special offering at the Rally Day Service, for which the Rev. Dr. Dallas R. Krebs, Hanover, will be the guest speaker.

Mrs. David S. Kammerer, West King street, will be hostess to the Girls' Guild of St. Paul's Lutheran church, at St. Paul's parsonage, on Tuesday evening at 7:30 o'clock. This will be the first fall meeting of the Guild.

The Brotherhood of St. John's Lutheran church will hold its monthly meeting on Tuesday evening at 7:30 o'clock, in the social hall of the church. The September program and refreshment committee consists of James Carpenter, chairman, David Erb and Carroll Yingling.

Family Doctor Is "Best Insurance" Pittsburgh, Sept. 17 (AP)—The family doctor is the best medical insurance, early arrivals to the Pennsylvania Medical society convention, opening today, were told by Dr. Arthur Clateman.

Dr. Clateman, president of the southwest district of the Pennsylvania Academy of General Practice, told academy members at a pre-convention meeting that the family doctor treats 90 percent of all illnesses. He added: "No frantic search for a doctor in the middle of the night is necessary if the patient has a family physician."

More than 2,000 physicians will attend the society's four-day session. Dr. Louis W. Jones, Wilkes-Barre, will be installed as president to succeed Dr. Harold B. Gardner of Pittsburgh.

STOCKS QUIET New York, Sept. 17 (AP)—The stock market turned quiet and mixed today after moving ahead actively in early trading. Radio-television shares gathered in the bulk of buying interest while the market was advancing, and they continued with a better than average showing when the rest of the market quieted down into a mixed pattern.

WEAK, RUN-DOWN Men and Women

Often Feel and Act Years Younger When They Take Ferrizan

Thousands of men and women with their youth behind them are finding the strain of modern life and work exhausting—their energy and vitality gone—their vitality and strength at a low ebb. Often because they fail to get from their food the proper amount of Iron and Iodine, and the necessary valuable vitamins every one needs if they expect to regain and retain a normal, healthy body.

Is it surprising that Doctors tell such folks to ease up—get more rest—give their tired nerves and body a chance to get well—and take vitamins? Certainly not. The Vitamin-Mineral way is the modern way—the tested, proven way; and one right way is to take Ferrizan, the complete modern dietary supplement that gives you each and every day a full supply of the important B Vitamins, with plenty of Iron to enrich the blood and the full daily requirement of that most important element—Iodine, so universally deficient in inland areas.

To all who suffer from these depressing symptoms we say, "try Ferrizan at our risk for thirty days. See if it doesn't bring about a remarkable improvement. If it fails, or if you are in any way dissatisfied, it won't cost you a penny," says—

Blacksmith Shops, Tanneries Abounded In Fairfield Area During Early Days Of Section

There has always been a mystical charm attached to blazing a trail as well as danger and hardships. But it also carries a present urge and a future offer of welfare to the blazers. Among them, none are more attractive and meaningful than the trail which industry has blazed up out of the stone into the iron and steel age; out of the hand-powered crafts into the motor-powered age. This trail has come into its modern phases during 150 years since the founding of Fairfield.

Basic industries thrived according to a general pattern through and from the colonial days to the time when steam power revolutionized those time-honored patterns. But back of the machines stand our forefathers.

The most prevalent places and occupations were the blacksmith shops and the tanneries. Tradition is able to trace the location of some of them as far as Civil war days. But those years, these same industries had a permanent place in the midst of the growing population to the earliest settlement days. Next in number were wood-working industries, carriage, wagon, cabinet and cooper shops.

Several Blacksmith Shops

The trail of blacksmith shops leads back to several in the Zora and Fountaineau region; a greater number in and about Fairfield, some along highways and at least one in Orrtanna. The only building in Fountaineau that housed a smith's shop is that opposite the Fry store. No remains of the one at Zora are found. Nor are there any traces of those once active in Fairfield. One of them was a partnership, conducted by two Germans, Rosche and Trenkel, emigrants from Germany before the Civil war. It was one of—if not the largest—shops to be found in this area.

Another was located along the rivulet which runs through the village near the Seiferg home. One stood where the Sheads garage now stands, while another is reported to have been on Centennial street. Less than two miles east of Fairfield still stands the two-story shop of Edward Heintzleman which he erected around the turn of the century. Here he conducted a combined business of blacksmith and wagon repair shop.

The local tanneries were located on the north side of the main street near the stream and in the low ground beyond the Henderson home. A small tannery was also operating west of town on the former John Bigham farm, now owned by Lance McCleaf. The Orrtanna tannery was one of the largest in the vicinity. The building that housed its operations is still standing just north of the mill race.

Child Drowned In Vat

An acquaintance with these long-ago workmen could provide many stories which belonged to their experiences, many of them humorous, others droll and baffling, and some tragic. One such story of tragedy comes out of the long experience of John Cease of Orrtanna, whose father operated the tannery at the center of that village. The little daughter of a workman wandered along the forbidden paths that ran between the vats. When the vats were full of the tanning liquor and the "sweated" hides, they were covered with boards and a layer of ground tanbark. As the little one continued her journey she happened upon a vat and fell through. The search for her revealed a little sun-bonnet on the ground bark. She was found drowned in the vat.

A wood-working and wagon shop operated by Wagaman and Davis was located at Zora where the truck terminal now stands. A variety of wood-working shops were established in Fairfield, some very early, others during the Civil war era, and others long thereafter.

Where the Allison home stands, during the third quarter of the century William Dell made split hickory chairs and rockers, some of which are now the prized possessions of antique collectors. One of the boosters of Fairfield industry, after the Civil war, was Captain C. J. Sefton, who established a general wood-working shop in the west end of town where the property of Roger Myers (formerly the Frank Weikert home) stands. The building itself was once the Sefton shop. There Captain Sefton manufactured cabinets, coffins, wagon and agricultural products, and conducted an undertaking business.

Allison Drove Hearse

Years later a Mr. Spalding came here to set up a cabinet shop for the manufacture of bedroom furniture. This venture was of short duration. Then two brothers, Warner and William S. McCreary, continued the same type of wood work, and the undertaking business. It was at this time that S. L. Allison, the owner of a pair of superbly fine back horses, entered the undertaking business by driving the hearse for William McCreary, who continued the business after the withdrawal of his brother, Warner.

There was also located opposite the present shoe factory some time during the last quarter of the 19th century another wood-working industry, called the Fairfield Furniture company. After some years of operation it closed. Mr. Ness became the next owner of the property and engaged

in the manufacture of buggy and wagon spokes. Later this industry moved to York, Pa.

Another very interesting wood-working industry of the vicinity was the cooper (barrel-making) industry, of which there were two, one at Orrtanna, a rather recent industry where apple barrels were manufactured for the early orchardists. The business continued in operation for about 12 years, when improved methods of fruit shipment supplanted the heavy barrel transportation. This business was conducted by R. M. King, a resident of Orrtanna.

Sacked By Rebels

The Fairfield cooper shop was located east of the town, built and operated by Zacharias Myers, the grandfather of a well-known citizen, John Myers, for many years the town's cooper. This industry flourished during the Civil war and before. During one of the rebel raids this place was completely sacked.

The manufacture of barrels, kegs, hogsheads, vats and tuns was ancient business and one of the basic requirements. It was one of the finer arts—the shaping, steaming and bending of the staves. The construction had to be so neatly accomplished as to make the vessel leak-proof. Some older folks still remember clearly the time when barrels, bound with hickory withes, were in use. H. L. Harbaugh is one of the citizens who well remembers this item of barrel construction, for during his very early boyhood, he and a son of G. W. Wortz, a storekeeper in the village, developed a not-unusual fist-cuffing encounter. During the scuffle Mr. Wortz seized one of the hickory-withes hoops and proceeded to an unceremonious ending of the fight.

Maria Iron Furnace

One of the early iron-working industries was the Fairfield foundry, which was owned and operated by James Tracy, and was located on Centennial street. Another, and a much earlier iron industry was that conducted at the Maria furnace, an ambitious venture for making various iron articles, but chiefly for the manufacture of the old-time ten-plate stove, a picture of which appears in the sesquicentennial booklet. Before the extension of the Western Maryland railroad to Orrtanna in 1882, the coal for this and other foundries had to be delivered by wagon from Gettysburg; after that date, for the intervening years, until 1889, coal was delivered the same way from Orrtanna. The first passenger train was run from Highfield to Gettysburg on May 30, 1889.

Some other industrial items in this vicinity included a shoemaker shop, employing four mechanics, located in what is now the Allison yard and a harness shop, conducted during the early 1900's by C. J. Seiferd. Mr. Seiferd completed his apprenticeship in Dover, York county. He set up his business in a shop where the John McCleaf home now stands around 1900. Later he built the present Seiferd home and shop, and there plied the harness trade until machine fabrication and the rapidly-mounting gasoline age made the horse and the harness a vanishing need for farming and transportation. The last resident shoemaker of the village was John Myers, who carried on in the Seiferd shop until less than a decade ago. Later, on the site of the first-mentioned shoemaker shop D. B. Rock manufactured one-piece spouting elbows, of which he was the inventor.

Bricks For Local Homes

Many of these industries may have had long antecedents, but they came to an end for obvious reasons. One of the longest existing industries which had its origin in the community very early was a brick making plant. Every year, until 1886, this plant was in operation during the summer season. Some of the brick structures of the town were built of its products.

One of the more recent and flourishing iron industries was founded by Emmert Hartzell, the Emmert Hartzell knife factory. Mr. Hartzell was first a blacksmith, having served his apprenticeship in the smithy at the center of town. While working at the trade he became interested in the making of knives by the hammer and anvil and tempering methods. Those were the days before the modern abrasives and the motors. The old-fashioned grindstones slowly brought the steel to its fine-cutting edge.

Mr. Hartzell erected a cutlery factory where the Fairfield garage now stands in 1891. The development of the business warranted moving to a large center, so the factory was taken into the new brick structure which Mr. Hartzell built on North Washington street in Gettysburg in 1901. Still the business sought a larger field, and after a few years was taken to Reading, Pa., where the large cutlery factory, the Columbia Cutlery company, is operated by Roy Dougherty and his sons. Mr. Dougherty became an employee of the Hartzell enterprise immediately after graduation from Gettysburg college in 1902.

Undertaking Business

One other business deserves attention, that of the undertaking interests. Mention has already been made of Captain Sefton, in another connection, as one of the early undertakers. He was preceded in the

work by a Captain Dick, who made the early rude coffins in connection with cabinet work. This sort of coffin was in use until near the close of the last century. Reference has also been made to the McCreary brothers who made undertaking one of their specialties. After them, for a year or more, the business was taken care of by the Garlach establishment in Gettysburg. Under the McCrearys S. L. Allison was led to prepare himself for the business. In 1921 he became the undertaker for the community and remains that to date. The funeral home was built by the side of his residence in 1940. His business was extended to Emmitsburg in 1937.

Data concerning the building of the Western Maryland railroad is worthy a notice. The story of "the Tapeworm Railroad" venture under the sponsorship of Thaddeus Stevens in the 1850's ended in bitter disappointment. It embodied a dream and a great prophecy, namely the opening up of a connecting link with the large, flourishing eastern centers, for these somewhat isolated regions and a terminal connection with the Baltimore and Ohio railroad in Hagerstown. When finally this dream was fulfilled, some of the old "tape worm" roadbed was used; but somewhere southwest of Orrtanna a new survey led the construction by way of Fairfield, around the once famous "horseshoe curve" and the eastern shoulder of Jacks mountain, and onward to Highfield, where connections were made with the main line.

Railroad Begun In 1852
This branch of the W.M.R.R. was begun at Hanover in 1852, and by February, 1856, had reached New Oxford, and thence onward to Gettysburg by June 6, 1858. The first locomotive entered that town November 26, 1858. By 1882 it had been extended to Orrtanna.

Prior to 1900, barbering in the Fairfield area was done only by itinerants. There was no barber shop in the town. The first resident barber was George Sanders. Later David Byers opened a shop under whom the late Theodore Lowe completed his apprenticeship. Earl McGlaughlin, the present and only barber in this vicinity, became an apprentice under Mr. Lowe. Meanwhile Ira Stoops came here from Waynesboro to set up a barber shop. Mr. McGlaughlin finished his apprenticeship and took over the business in 1916.

Haircuts, for a long time, cost fifteen cents, and shaves ten cents. Mr. McGlaughlin reflects with no small satisfaction that he saw "the old spittoon" disappear; also that he saw the rise of women's hair cutting and feels no small degree of satisfaction that this trade has now departed from men's barber shops to the beauty salons. He also met the invasion of the safety razor era which has taken away more than 60 percent of the shaving aspects of the barber industry.

Personal items, out of Orrtanna, deserve notice: Peter Keady before 1900 was a school teacher in Fairfield. He moved to Orrtanna and became the first postmaster there. In 1900 his son, A. H. Keady, became postmaster. Others holding that position up to the present: George Weller, F. W. Yoder, Howard Musselman, and Mrs. Daisy Cornwell now Mrs. Deardorff. Rural routes, two of them, were established in 1903 and consolidated into one in 1935.

Present Industries

The four largest industries of this vicinity now currently operating include the Advance Industrial Supply company, organized in 1914 at Greenstone (which was named for the prevailing color of the rock). This company was the pioneer in the manufacture of crushed stone granules for a new kind of roofing. The granules were used on roofing sheeting with Trinidad asphalt. This was long ago supplanted by the oil-product known as asphalt. This industry enjoyed a rapid growth, and its products have been sold widely throughout the east and middle-west.

The Blue Ridge Pipe and Nipple mill was organized at Greenstone by C. A. Wills and his brother in 1928. This business association has since been dissolved and Mr. Wills is the sole proprietor. This is one of the most extensive mills of its kind in the country, having enjoyed a very rapid development from its small beginning. The mill is now operated entirely by motor power, and employs about 70 men. It services all kinds of materials: copper, brass, chrome, steel, wrought iron and seamless steel, and uses pipes ranging from one-eighth inch to 8 inches in diameter.

Food Processing Begins

Knouse Foods Incorporated, formerly known as the Orrtanna Canning company, at its seasonal peak employs the largest labor force, reaching the 400-mark. This fruit processing plant is part of the general formation of such industrial activities in Adams county. In 1906 some farmers had already planted small orchards so that the apple business was gaining recognition, but the processing plants were lacking. In that year C. H. Musselman, his brother, John, and their father, John, bought a small vegetable canning plant at Biglerville with a view to establishing the fruit processing business. In 1913 the father, John Musselman, and his nephew, I. Z. Musselman, founded the Orrtanna Canning company. The beginning, as usually was and still is the case with industrial operations, was on a very small scale, but it enjoyed a rapid development until its annual

output reaches more than a 100,000 bushels of apples and in 1951 more than 2,400 tons of cherries. The processing of cherries was a later interest. Not until 1924 were they first canned.

During the first quarter of century of operation, the plant was enlarged from time to time and the newer types of machinery and tools installed. In December, 1942, the plant was begun, and this too has received enlargements and improvements in methods. In 1946 the plant merged into the corporation now called Knouse Foods, Incorporated.

At that time I. Z. Musselman withdrew from the processing industry. He, however, maintained a director relationship in the new corporation. His chief interest now centers in directing and improving his large orchard holdings, which include nine farms, totalling more than 800 acres.

Make 6,500 Shoes Daily

The latest industrial plant to come to Fairfield is the Fairfield Shoe company, and also the largest from the standpoint of regular employment. Shoe manufacture had its beginning in Fairfield in the early forties. Louis E. Beaudin opened the business in the Community hall and remained there until he had converted the former Methodist church and extended the plant to the north alley. This venture was a short duration. On June 25, 1948, the present shoe company produced its first shoes. Since then the business has prospered rapidly. The operational area has been increased to 23,500 feet. The employment has risen to 340 men and women; the daily production reaches 6,500 pairs; the capacity production is 7,500 pairs a day. The present pay roll reaches \$16,000 weekly.

Carl F. Filsinger is the president and superintendent of the factory. This industry is located within the corporate bounds of the village and draws its employees from all the surrounding areas. A social organization is maintained which offers many valuable privileges. The firm provides \$500 death benefits, partial or full hospitalization costs, according to specific cases, and full pay for five holidays during each year.

The long span of time, 150 years, brought to Fairfield, as to all the American people, the industrial revolution with all its beneficent as well as sinister consequences. In that era more advancement has been made in scientific applications to industry than in all the ages of recorded history. The nation is now in the midst of another great revolution, the truly social revolution, in which must be determined how men are to use all this technical development and live together harmoniously.
